Lawrence
Do you have a new website showing the route- the old one does not work now.

Also,
This may be of interest, as it shows the proposed alignment in greater detail. As mentioned earlier, we would like to meet with your group at a convenient time and discuss issues or concerns that you have related to the alignment and any opportunities to work them out.

They will be up this week. Just now fixing a couple of items on them.

In the meantime, this has the information in slightly different form:

I got the impression that there was some kind of draft cooperating agency agreement that the Army was being asked to sign and return by 20 Apr. If there is no such agreement, are you just asking for a written response to your letter in the affirmative?

If so, Mike, can Planning Division, DPW draft up a short letter for COL Killian's signature.

No agreement, but yesterday I placed in the mail to Alvin Char's attention the following:

Copy of cooperating invitation letter to Col. Killen

Draft Coordination Plan

Scoping Information Package

Notice of Intent

This is a complete set of the materials that have been distributed. Again, thank you for attending yesterday's meeting - you brought up several important issues that we will need to work through over the next year or so.

We do not seem to have all the documents that were sent to the Army. Was there an agreement?
